## Huntington Hospital Emergency Department and Vertical Expansion

- Construction of new 28,000 SF 4 Story Emergency Department Expansion Building
- Type 1 steel superstructure with composite decks
- The top floor houses the prime mechanical and electrical equipment
- Constructed under OSHPD jurisdiction with the site work inspected by the City of Pasadena.
- Includes coordination and supervision of owner furnished equipment and systems.
- Includes a radiology department
- Includes a CT scanner area
- Includes tying into the existing utilities in the continuously operating existing emergency department.
- The project is adjacent to the existing NICU and surgery areas of the hospital as well as the existing emergency department
